Memorandum

TO: Mayor Lord and Homer City Council
FROM: Melissa Jacobsen, City Manager
DATE: November 19, 2025
SUBJECT: City Manager's Report for November 24, 2025 Council Meeting

Analysis of Brownfield Cleanup Alternatives for the HERC Completed

Through the State's Brownfield Assessment and Cleanup (DBAC) Program, the City engaged the Alaska Department of Environmental Conservation and BGES environmental consultants to assess the HERC property. The consultants reviewed previous Hazardous Building Materials Inventories, conducted a data gap analysis, performed additional sampling of building materials and soils (including testing for lead contamination from deteriorating lead-based paint around both buildings), and developed an Analysis of Brownfield Cleanup Alternatives (ABCA). The ABCA evaluates five cleanup alternatives with rough order magnitude cost estimates to assist informed decision-making on safe demolition, disposal and eventual site repurposing.

The complete report can be found at <https://dec.alaska.gov/Applications/SPAR/PublicMVC/CSP/SiteReport/27933>. This information, with an Executive Summary will be made available on the City website in the near future. City staff will be following up with DBAC Program staff to evaluate potential next steps and opportunities to advance the project through additional DBAC assistance and hope to present options to City Council in the first quarter of 2026.

HERC Multi-Purpose Room

The Multi-Purpose room has been closed since late June after lead based paint flaking and dust from the interior windows and frames was discovered. Public Works is finishing up the necessary remediation work in the space. The carpet in the room was removed as part of the clean up, so getting flooring replaced is a next step in getting the room back in use. We're looking forward to having that space accessible again early 2026!

Fire Hydrant Replacement

As of this writing, contractors are working on replacement of three fire hydrants along Pioneer Avenue. I reported out in July that the spruce tree on the City Hall corner of Pioneer Avenue and Kachemak Way would have to come down as part of the project to ensure safe and successful hydrant replacement and protect public infrastructure. Replacing the hydrant required excavation up to 10 feet deep and severing major roots could destabilize the tree or lead to its decline or death, posing a safety risk. The tree was taken down earlier this week and for liability reasons the tree was retained by the contractor who took it to Dibble Creek for disposal. The City of Homer Streetscape Plan addresses landscape design and recommends plantings for areas which will assist staff in planning what's next for that space. The fire hydrant replacement project was long overdue.

Pioneer Avenue Bathrooms

It's that time of year again, and we are seeing issues with the in-town restrooms. The past couple of days as soon as Public Works staff unlock them, people are moving into them for most of the day. They are smoking, putting cigarette butts out on the walls and floors, one person has their dog in there with them and the dog isn't potty trained, and graffiti, on top of just leaving messes in them. The bathrooms are going to remain locked for the time being in hopes of breaking this pattern, however, historically it doesn't seem to make much impact.

Homer Volunteer Fire Department

The Homer Volunteer Fire Department recently conducted some outdoor night training on Beluga Lake and were treated to a great show. Thanks Captain Chelsea Marsh for the great photos!

Homer Police Department

HPD had over 70 teen challengers participate in a dodgeball tournament earlier this month. Team Stinky Feet took the title (No, that wasn't the HPD team), and a fun time was had by all.

Recreation Manager's Report for January 15, 2026

General Notes

I have been a part of the Homer Planet Youth meetings and am now on the advisory panel. This is a coalition of organizations and community members to focus specifically on networking, partnering and collaborating for youth opportunities with an initial focus of kids in K-6. More on this as it evolves and there will be a roll out of recent survey information as well.

Community Rec staff is modifying some pickleball playing opportunities/schedule to try and give players more time for specific skill levels in addition to general drop in all levels. This may or may not work but we are willing to give this a try based on feedback from some players.

Staff is working with Coast Guard for indoor rec opportunities. We do not charge active service members to use the HERC gym nor for drop in programs.

The youth fitness class is moving from HERC gym to Homer Middle weight room starting in January. This will be expanded and available to 7th to 12th graders to participate previously it was only available to 9th-11th graders.

New youth skills and drills volleyball program starting in January on Monday evenings at Homer Middle School.

The Adult Basketball League Tournament is Feb 14-16 at Homer High. We have invited HHS students to use this multi-day event to fundraise their upcoming foreign travel events by selling food, snacks and drinks for the players and the spectators.

The Community Rec Community Inlet Winds Band is starting in February for adults and teens. This will include a Free Community Concert on April 18th at 7:30pm.

Staff Notes

Manager's meetings:

6- Homer High Admin meetings

2- Department head meetings

3- Planet Youth Meetings

Other: Recreation Programmer Rafael de la Uz will be completing an online professional exercise certification class that will improve his adult and youth morning fitness programs.

Facilities

There is a new exterior door for the HERC gymnasium. Special thanks to public work maintenance staff!

Requesting funding from HERC reserves new flooring material for the HERC activity room. Hoping this will be approved at the January 12th City Council meeting.

Requesting funding from HERC reserves for repair and refinishing of the HERC gymnasium floor. \$7,200 has already been allocated, the Homer Pickleball Club has formally offered to donate \$7,000 to the project and staff is requesting an additional \$23,800 to complete the project for a total cost of \$38,000. The project includes removing all metal floor brackets and replacing them with wood, sanding the floor and removing existing lines/paint, painting new lines for pickleball, basketball and volleyball court and completed with two protective finishing coatings. This is being introduced at the January 12 City Council meeting.

The primary restrooms at Homer High in the commons will be closed for repairs from December 15 to January 31 (maybe longer if needed. While there is some impact to CR operations, the alternative is to use the locker rooms and the two single use restrooms in the theater wing.
